EXPERIENCE

JUNIOR WEB DEVELOPER • WEBSPEC, INC. • 08/2021 – 11/2023

Used Front-end and back-end skills to maintain, fix, and troubleshoot websites. Utilized css, sass, and javascript to apply styling, responsiveness, and reactivity to custom sites and cms themes. Responded in a timely manner to customer emails involving concerns and requests for changes to their websites.

Participated in multiple large site projects that required extensive knowledge and experience in styling, as well as, database management systems and php oop. Updated and maintained multiple cms systems, such as Wordpress and Drupal. Built and updated Wordpress and Drupal webpages by utilizing various plugins (Wordpress) and modules (Drupal).

Confident in navigating and building Drupal and Wordpress sites. Maintained and migrated Drupal 8 and 9 sites to Drupal 10. Spun up sites using phpmyadmin. Built Drupal webforms and web pages, while installing and utilizing various web tools such as composer, node npm, nvm, and gulp. Confident in navigating databases using sql.

WEB DEVELOPER INTERNSHIP • WEBSPEC, INC. • 05/2021 – 08/2021

Built a wordpress site for the Johnston School District's Robotics club. The site was developed using Divi, css, and various plugins. Used photoshop, html, css, and javascript to maintain and update customer's websites.
